

5. Do you have any other suggestions or ideas for an Owners' Association?

No

is my email, it wouldn't let me put it in the box below

To get a company to keep the estate clean tidy and maintained but NOT front gardens.

In email it's says value should be a number - my email is

Liaising with police Scotland about crime rates and attempted crime across the development.

Kevin and I have thought about this for ages! Thank you lyham for reading our minds

No

Brilliant idea and keen to get involved

Not as such

A few of us tried to set up an Association about 3/4 years ago but unfortunately we didn't get the interest. Happy to be part of any new association set up. Thank you

Changing away from current factor (Hacking & Paterson)

Sort out the play park in bellway phase 2 - it's a waste of space

Great idea, thank you!

Apply for funding for public space enhancement such as flowers, planters benches at kids play park etc

I suggest council to take over groundwork ect as we pay council tax and paying H&P is an expense which is not worthwhile.

I suggest council take over ground work we pay council tax therefore I feel H&P carry out work at a poor standard and is a con and waste on money

No
